

Air Handlers

Single Piece

JHET - Coleman

Features

-
- **MaxAlloy™ Coil** - Long life aluminum coils built to deliver lasting performance, efficiency, and reliability
- **Next Generation Even-Flow Distributor** - Designed for balanced refrigerant flow and even coil circuit performance
- **Next Generation High-Efficiency Blower** - Delivers increased airflow and reduced blower watts by 10%, using a standard ECM motor
- **Two-Stage Operation** - Provides flexibility in application with single and two-stage outdoor equipment
- **Next Generation Insulation and Gasket Design** - reduces thermal transmission paths and reduces sweating
- **Electric Heat Kit** - 8HK field-installed series available for easy installation and service application
- **Tool-less Filter Access** - Sliding latch design provides quick and easy access
- **Designed For Easy Installation and Service** - Casing size of 20.5 in., smooth sides, and rigid construction provide ease of attic access and tight applications. Front facing components, slide out blower, laser cut knock outs and integrated duct flanges shorten install time
- **Cabinet Air Leakage** - Less than 2% at 1 in. W.C. external static pressure when tested in accordance with ASHRAE Standard 193
- **Long Lasting Quality** - Structural components made of post-powder painted aluminum or galvanized steel to prevent corrosion
- **Thermoset Drain Pan** - Positive slope for drainage to reduce cause for potential mold or contaminants

Description

The JHET Air Handler line offers the ultimate in comfort, sound and application flexibility. This unit may be used for upflow, downflow, horizontal right, or horizontal left applications. No special kits are required to install this product. All JHET Air Handler units come with a factory-installed TXV
